

Inward application of Ficom D.

AR 8 PRO

TELESCOPIC DUSTING LANCE

Environmentally friendly.
No CO₂ cartridges required.

Art-Nr: AR8-PRO

1L Stainless steel pressure tank

AR 8 PRO Contents of kit

Heavy duty carry case

1L Stainless steel tank and trigger

Lance

5g Scoop

Powder Chamber

Flexible Nozzle

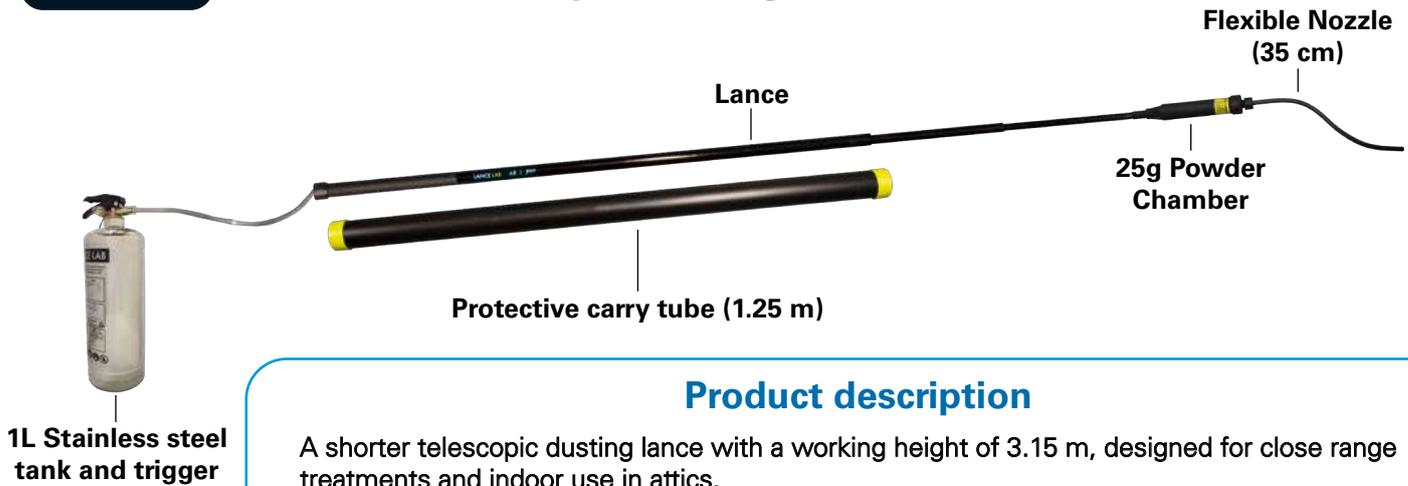

Note: Fine 6 mm flexible nozzle supplied as an accessory.

Features

- Adjustable telescopic lance made from non-conductive material.
- The 1L stainless steel tank is effortlessly filled to 3 bar pressure before each use with a regular stirrup pump (approx. 9 pump actions = 3 bar). Tank max op 6 – 7 bar.
- Complies with Ficom D label and BPR legislation for treating wasp nests in roofs and eaves of houses when the product is applied from outside.

Art-Nr: AR3-PRO

Telescopic dusting lance (3.15 m).

Product description

A shorter telescopic dusting lance with a working height of 3.15 m, designed for close range treatments and indoor use in attics.

The 1L stainless steel tank is effortlessly filled to 3 bar pressure before each use with a regular stirrup pump (approx. 9 pump actions = 3 bar). Tank max op 6 – 7 bar. Can also be filled using a battery powered vehicle tyre inflator pump.

No dust blockages can occur as dust does not enter the main tubing system.

Note: For customers who already own an AR 8 Pro, the shorter AR 3 Pro lance and protective carry tube can be purchased as an accessory (without having to purchase the whole AR 3 Pro kit). The AR 8 & AR 3 Pro both have the same 1L stainless steel tank, powder chamber and flexible nozzle.

To purchase an AR 3 Pro lance and protective carry tube please use the following article number. **Art-Nr: AR3-PRO-LO**

AR 8 PRO Conversion kit

Conversion kit for AR 8 CO₂, XL 8 and T8 lances

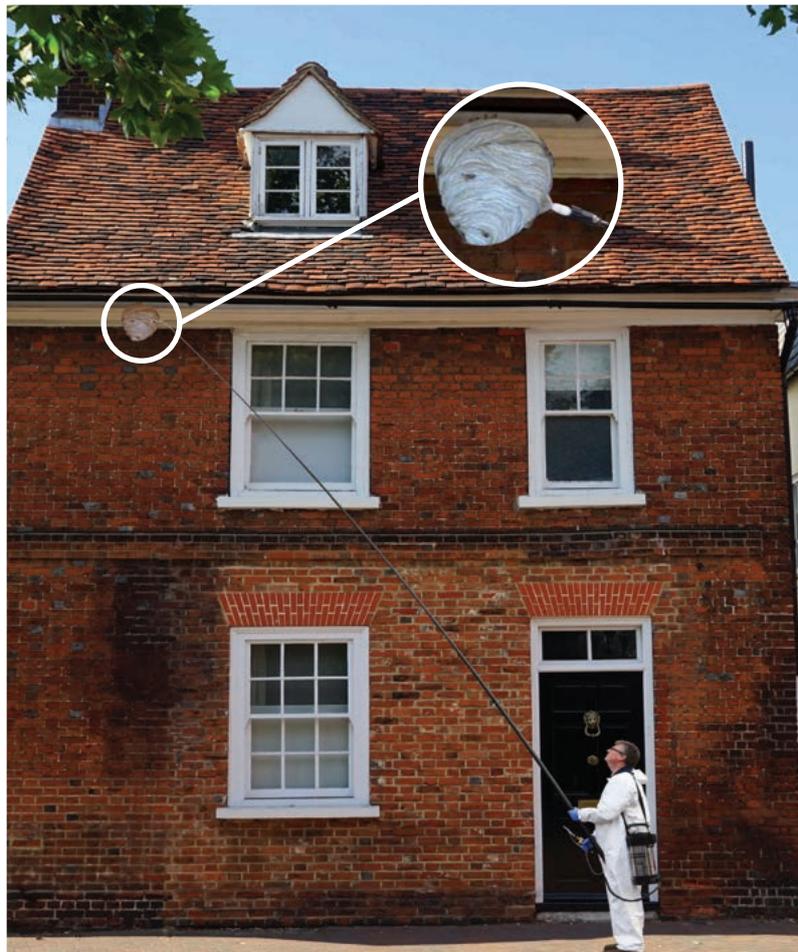

Art-Nr: AR8-CONV

Product description

This kit contains all the parts required to convert an XL 8, a T8, or an AR 8 CO₂ lance into a fully working AR 8 Pro. The conversion takes under two minutes to complete and the converted lance can be stored inside the original carry case.

T8 S UNIVERSAL LIQUID SPRAY LANCE

Fully adjustable lance with working height up to 8 m.
Connects to Gloria, Birchmeier, B&G and more.

Quick fit universal connector

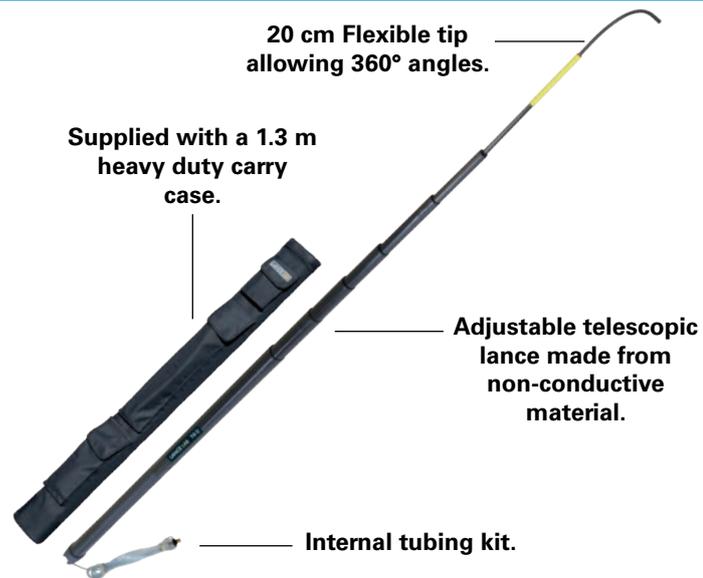

Wood treatment.

Japanese Knotweed treatment.

Brown Tail moth larvae treatment.

Features

- Allows precision application at height.
- Lance has a working height of 1.5 m to 8 m.
- Reduces the need for access equipment.
- Reduces the risk of injury from using ladders.
- A liquid conversion kit is available for T8 D / XL 8 lances (Art-Nr: T8S-ULCK).
- The T8 S lance includes a flat fan and adjustable cone nozzle.

AEROSOL 3

Precision aerosol lance

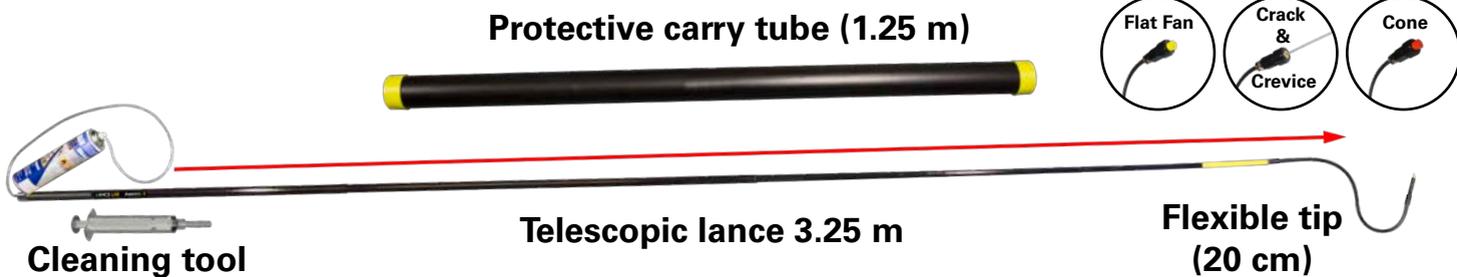

Telescopic lance for use with Digraïn Wasps & Hornets Destroyer, Bayer Crawling Insect Killer spray and other similar aerosols.

Features

- Supplied with 1 x Flat Fan tip, 1 x Cone tip, plus 1 x Crack & Crevice nozzle kit.
- Connects to any common 4 mm aerosol male valve.
- Particularly useful in attics / lofts and other confined spaces.
- Reduces the need for walking boards in unfloored attics.
- Allows precision application of aerosol products.
- Enables crack & crevice treatments in hard to reach spots.
- Supplied with cleaning tool to flush tubing.

Art-Nr: AL3-KIT

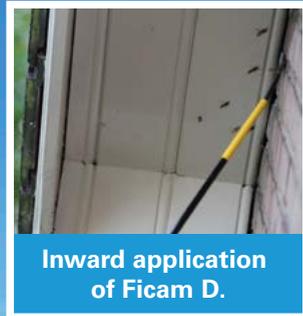

T8 D PRECISION DUSTING LANCE

Connects to a Birchmeier DR 5 compression duster.

Features

- Allows precision application at height.
- 20 cm flexible tip can easily be bent to any required shape.
- Adjustable telescopic lance made from non-conductive material.
- Complies with Ficam D label and BPR legislation for treating wasp nests in roofs and eaves of houses when the product is applied from outside.
- Lance has a working height of 1.5 m to 8 m.
- Reduces treatment time.
- Reduces the need for access equipment.
- Reduces the risk of injury from using ladders.
- 10 cm high visibility yellow sight tip.
- Comes supplied with a compact 1.3 m tough carry case.
- Dust Unblocking Tool available as an accessory.

8 M REACH

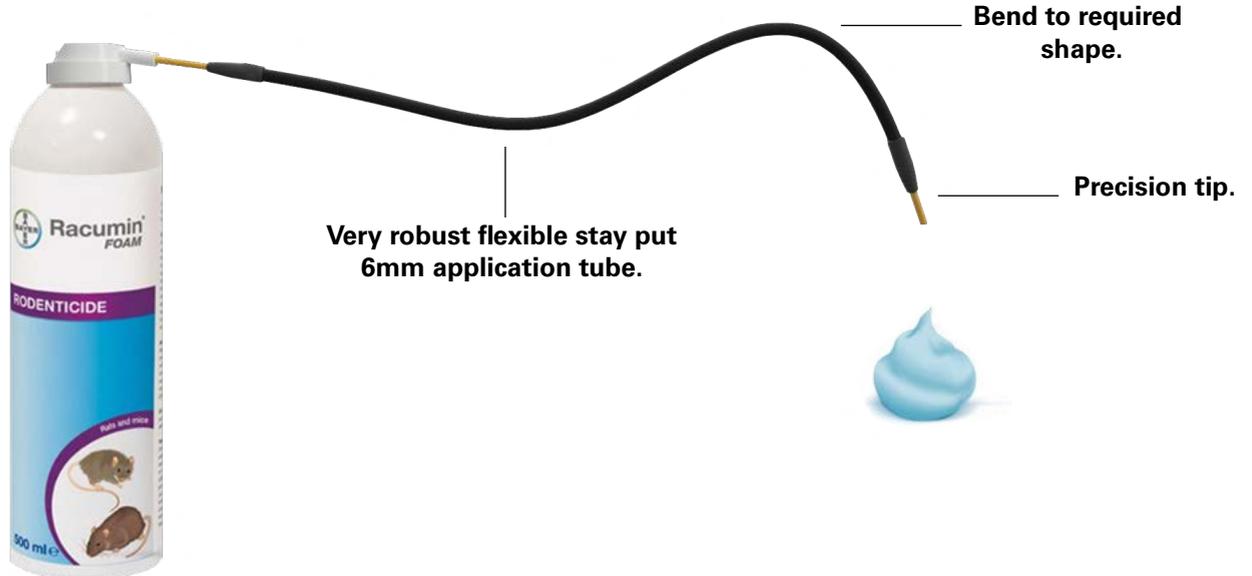

For DR 5

Art-Nr: T8D-KIT

Flexible Aerosol Straws

For Racumin® Foam

Also fits

other standard aerosols

*standard 4 mm male aerosol valves

For Crack & Crevice application.

Features

- Easily bent to required shape.
- 360° spraying capability.
- Robust and chemical resistant.
- Great for hard to reach spots.
- Also suitable for DE aerosols.
- Useful for lubricants.

Multi-pack contents

(a) 1 x 60 cm Straw

(b) 1 x 30 cm Straw

(c) 1 x Cleaning tool

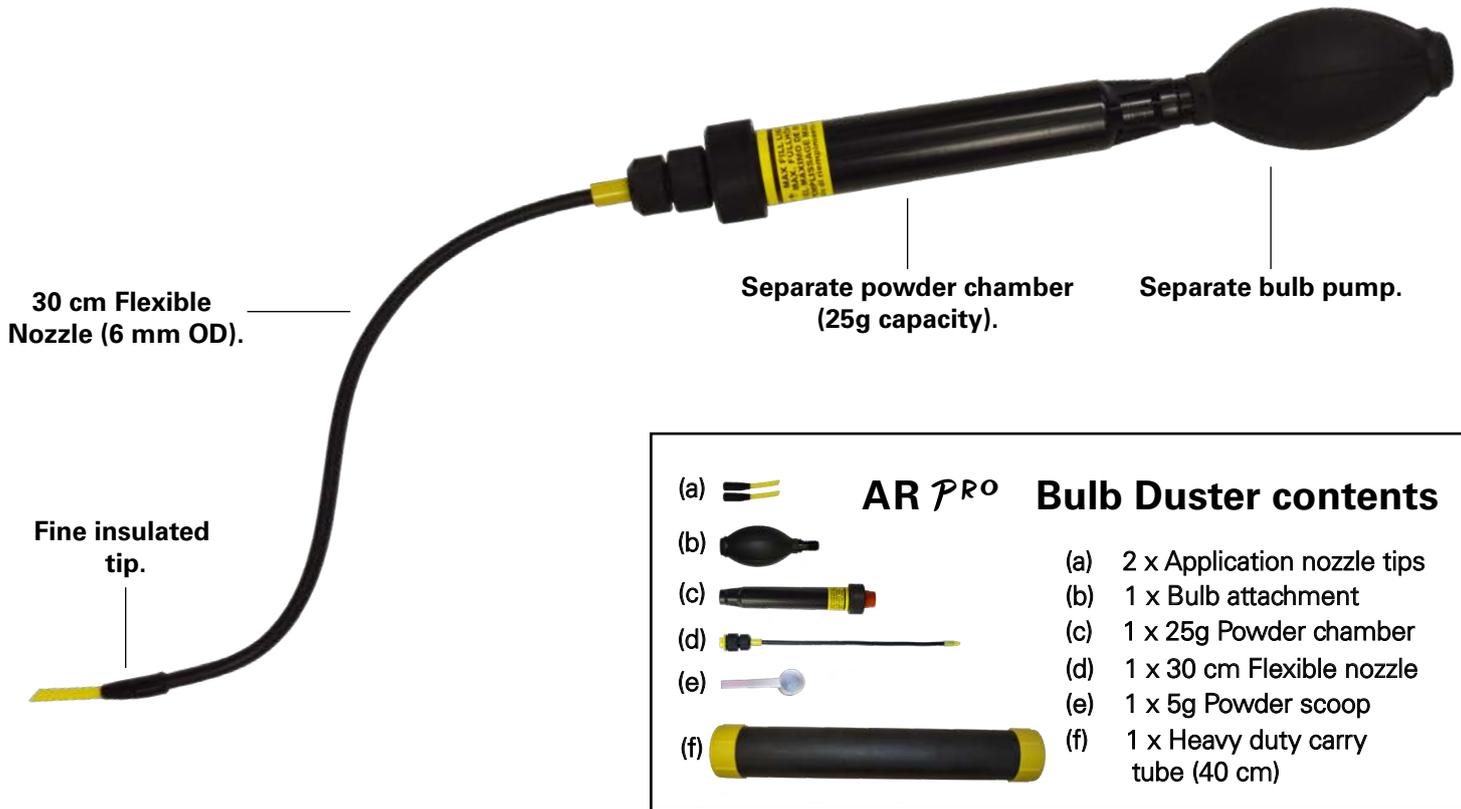

(d) 2 x Standard 4mm actuator cap & connectors

Art-Nr: FS-KIT

AR PRO Bulb Duster

Unique design with separate powder chamber and bulb pump creating maximum performance.

| AR PRO Bulb Duster contents | |
|-----------------------------|---------------------------------------|
| (a) | (a) 2 x Application nozzle tips |
| (b) | (b) 1 x Bulb attachment |
| (c) | (c) 1 x 25g Powder chamber |
| (d) | (d) 1 x 30 cm Flexible nozzle |
| (e) | (e) 1 x 5g Powder scoop |
| (f) | (f) 1 x Heavy duty carry tube (40 cm) |

Art-Nr: ARPB

Features
